

緬甸的翠綠季節 Green Season in Myanmar

緬甸每年都舉行「翠綠季節運動」(由5月至9月底)，今年的運動正如火如荼。在翠綠季節遊緬甸，不管是去仰光、蒲甘、曼德勒、茵萊湖，還是其他旅遊勝地，好處都多不勝數，更有獨特體驗。以下隨便舉一些例子：

拍照的絕佳機會：季節性降雨令景致頓時變得鬱鬱蔥蔥，當地的動植物也顯得處處生機。別錯過這些拍照的絕佳機會。

與更多人交流：緬甸是最友善的國家之一；旅遊業起步不久，緬甸人碰見外國人時，每每喜形於色，與他們攀談起來。在翠綠季節遊覽緬甸，旅客少了，與當地人交流的機會就更多。

物有所值：在淡季到任何地方旅遊都較便宜，但在翠綠季節到緬甸一遊的話，卻能省下一大筆假期開支，因為很多酒店、航空公司都會推出特別優惠。

風光如畫：翠綠季節所以稱為「翠綠」，當然有其原因：在炎熱乾燥的月份，烈日當空，四周變得乾旱；而到了雨季，飽攝水份後，綺麗風光立時展現眼前，大地滿是蒼翠植物和樹木。

若你想在一年裡遊人較少、風景更佳而價格較廉的時候探索緬甸，翠綠季節正是最佳的出遊時機！

With the annual Green Season campaign (from May to the end of September) now in full swing, travel-

ling in Myanmar – whether to Yangon, Bagan, Mandalay, Inle Lake or many other destinations – during the Green Season has numerous advantages and unique experiences. To name just a few:

Great photo opportunities: The seasonal rains bring with them lush, green landscapes and native flora and fauna bursting into life. Don't miss these wonderful photo opportunities.

Interaction with more people: Myanmar is one of the friendliest countries in the world. The tourism industry still in its early years here, people are excited to meet and chat with foreigners. Travelling during the Green Season when there are fewer travellers enables you to have more chances to interact with the locals.

Value for money: Travelling off-peak in every country is cheaper but in Myanmar during the Green Season makes a big difference to your holiday

expenses as many hotels and airlines have special offers during this period.

Beautiful scenery: There is a reason why the Green Season is called “green”: during the hot, dry months, Myanmar’s landscape can become dry under the baking heat of the sun but during the rainy season it drinks up the water and transforms into a beautiful, lush landscape full of green plants and trees.

If you’d like to explore Myanmar when there are fewer crowds and more beautiful scenery and with lower prices than at any other time of the year – the Green Season is the perfect time to visit!
